Magellan Publications Limited Warranty

This service or product is provided "as is," without warranty of any kind. Magellan Publications and its suppliers' entire liability and your exclusive remedy shall be return of the price paid for the service.

To the maximum extent permitted by applicable law, Magellan Publications and its suppliers disclaim all other warranties, either expressed or implied, including, but not limited to, implied warranties of merchantability and fitness for a particular purpose and warranties of noninfringement, with regard to the service and accompanying documentation. This limited warranty gives you specific legal rights. You may have others, which vary from state/jurisdiction to state/jurisdiction.

To the maximum extent permitted by applicable law, in no event shall Magellan Publications or its suppliers be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this Magellan Publications product or service, even if Magellan Publications had been advised of the possibility of such damages. Because some states/jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

To Start:

1. Write what articles you want included in the email newsletter. You can address new policies or programs, educate sales prospects about what a PEO is, inform clients about new business trends and regulations, or just "sell" your product. If writing is not your forte, or if time is tight, choose from over 230 of Magellan's professionally written articles. (*Notice: you can use a prewritten article and add to or delete from it*).

2. Do you still need ideas?
